International Time Travel training before the conference in Kalmar, Sweden

Before the annual international conference there was a training in the Time Travel method 5-9.9 2016. The participants came from Kenya, Latvia, Norway, South Africa and Uganda and the course took place at Kalmar County Museum. The course was a collaboration between Sweden and Finland, since it was led by Ebbe Westergren and Tina Lindström from Kalmar County Museum and Annina Ylikoski from the Regional Council of Ostrobothnia. Also other staff from Kalmar County Museum took part and showed for example how to store props and costumes for Time Travels.
